WELCOME TO THE „BÜRGER- AND MINIATURENPARK WERNIGERODE“

One of the most beautiful miniature parks in Germany shows about 70 culturally and historically interesting sights of the Harz mountains. They are set within a fascinating landscape that is composed of little trees, mountains, boulders, and meandering creek beds. In between, the famous Harz Narrow Gauge Railway winds its way up to the top of the Brocken Mountain. A visit in the enclosed „Bürgerpark“ (citizen park) with its blossoming theme gardens, numerous playgrounds, animal enclosure and beautiful views of the Harz countryside will round off your stay.

DEVELOPMENT PROCESS MINIATURE PARK

Funded by a municipal employment agency the miniatures were built at the Oskar Kämmer school in Wernigerode. The different objects are based on thousands of drawings and pictures. All elements – bricks, windows or small figurines and structures were produced out of plastic plates. With great effort the buildings were painted afterwards. They are all unique and very close to detail.

- more than 12 years and 100 staff members to construct miniatures
- numerous model trains run on more than 400 m tracks within the park
- information points & sound columns inform about the objects and their partially turbulent history

„BÜRGERPARK“

In 2006, the park was created to host the first garden show taking place in Wernigerode. Today, the park is named „Bürgerpark“ (citizen park). This 15-hectare large area is comprised of a broad range of more than 60 theme gardens, which you can encounter on 2 circular paths. Our visitors admire especially the garden with the peonies bushes as well as the flowerbeds at the entrance, which have seasonally changing blossoms. Additionally, at the beginning of the season, more than 180,000 early bloomers in the park are welcoming springtime.

FAMILY TIME

The citizen park is an exciting and adventurous play space for children and a perfect spot for a break from the stresses of daily life. Throughout the park area there is a variety of well-maintained playgrounds for children of all ages. Also, we have:

- climbing walls
- 9-hole miniature golf course
- chess and mill field
- animal enclosure with ponies, donkeys, goats, pigs, rabbits etc.
- giant play bricks
- water and mud playground
- adventure tower complex with slides, hanging bridges, observation platform and marble run
